

TT Drum Crusher

Features

- High compaction force
- Clear controls for ease of operation
- Totally enclosed shell ensures high level of safety
- 30 litre Oil collection tray with tap connection
- CE marked

Compacting empty drums will minimize storage space and disposal costs, generating genuine savings. The Tony Team Drum Crusher typically reduces at a ratio of 6:1.

Financial payback will depend upon the classification of the waste but the additional benefits of increased working space and a safer working environment are also important.

Through innovative technology, this equipment is not only safe to use but also incorporates additional practical features, like a liquid drainage reservoir and ergonomic design to ensure ease of operation

Total Waste Handling Solutions for a Better Environment

Technical Specification

Crusher Dimensions

Height:	2.52m
Width:	1.19m
Depth:	1.00m
Weight:	690kgs
Transportation Height:	1.8m
Power Supply:	3 Phase 400v
Motor:	11 Kw 32 amp
Pressing Force:	Up to 24 Ton
Noise Level:	75 Decibels
Compaction Ratio:	6:1
Cycle Time:	40 seconds

Loading Aperture Sizes

Height	1.210m
Width	0.802m
Depth	0.816m
