

Better waste management for a cleaner environment

Waste Compactors, Balers and Food Waste Digesters

Balers: TT65 and TT75 with multi-chamber

Tony Team balers are simple and easy to use and represent excellent value for money. They provide a cost-effective means of removing card, polythene and other recyclable material from the waste stream and helping to keep waste areas clean and tidy. The TT65 creates bales up to 65kg making them ideal for a wide variety of both on and off-shore applications.

The TT75 multi chamber features twin chambers so that one chamber can be loaded while the other compacts, and different recyclable products such as plastic and cardboard can be compacted simultaneously. Additional chambers are also available.

Technical Specifications

	TT65	TT75 multi-chamber
Cycle time	Approx 24 seconds	Approx 35 seconds
Bale dimensions	800mm H x 700mm W x 500mm D	1000mm H x 700mm W x 500mm D
Bale weight	Up to 60kg	Up to 75 kg (dependent on material)
Baler dimensions	1980mm H x 1040mm W x 720mm D Transportation height 1630mm	1978mm H x 2050mm W x 820mm D Transportation height 1978mm
Machine weight	230 kg	562 kg
Pressing force	Up to 3.5 tonnes	Up to 3.5 tonnes
Loading aperture sizes	492mm H x 700mm W	700mm W x 500mm D
Power supply	220-240 Volts single phase 13 amp commando plug	220-240 Volts single phase 16 amp commando plug
Motor	1.5kW	1.5kW
Noise level	72 decibels	72 decibels

TT180 Bag Compactor

Tony Team bag compactors automatically compress mixed waste up to 14% of its original size in seconds, delivering neatly cubed polythene bags that significantly reduce waste volumes.

Constructed from durable and hygienic stainless steel, they handle cardboard, food, paper, cans, waste, packaging, glass and other rubbish.

Tony Team bag compactors are available in four sizes to match the needs of commercial, shipping and off-shore applications.

Technical Specifications

TT180

Compaction cycle time: 22 secs

Compaction Pressure: 4,500Kgs (4.5 tons)

Dimensions: 1790mm H x 1625 W x 570mm D

Average weight of compacted package: 22 kg (48 lbs) (10/12 bags into 1)

Safety features: Failsafe door switch. Adjustable full load warning system. Package size controls. Reusable bin to contain compacted waste.

Weight of machine: 250 kg

Motor rating: 0.75 kw

Total Waste Handling Solutions for a Better Environment

Waste Compactors, Balers and Food Waste Digesters

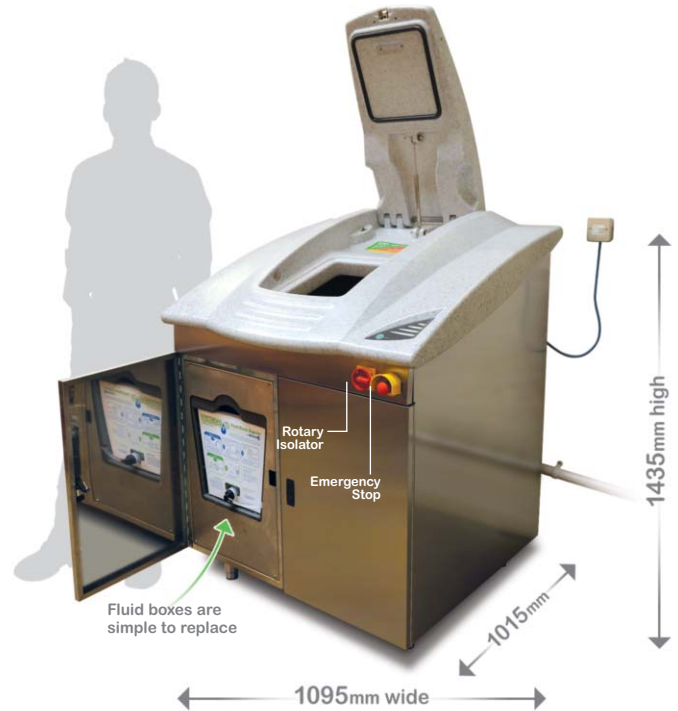

Broan Under Counter Waste Compactor

The Broan is particularly suitable for kitchens or where space is tight. Fully automatic, with an odour reduction system and compaction force of 1.3 tonnes.

Waste₂0 Food Waste Digester

The Waste₂0 digests up to 180kg of food waste to grey water in 24 hours, using existing services, cutting out the problems of handling and storing food waste, particularly odour and preventing blocked drains.

Key Features

- Compact, hygienic, easy-to-use, on-site solution
- All solids reduced to grey water
- Safe for drains – using existing infrastructure
- Reduces odour and vermin problems
- Encourages recycling
- Improves carbon footprint

Technical Specifications

Model	15SSEXF
Description	Broan Elite 220–240 V / 50–60 Hz compactor: Stainless Steel with Type E/F and Type G cords.
Dimensions:	57.15cm x 37.78cm x 86.67cm
Electrical Voltz/Hertz	220–240V / 50–60Hz
Odor Control	Yes
Compacting Power	1360 kg
Compacting Ratio	6:1
