

TOTAL WASTE HANDLING SOLUTIONS

FOR A BETTER MARINE ENVIRONMENT

Ease your Marpol 5 compliance with waste compactors, glass crushers and cardboard balers

UTILITY/LAUNDRY ROOM WASTE COMPACTORS

Tony Team bag compactors automatically compress mixed waste up to 14% of its original size in seconds, delivering neatly cubed polythene bags that significantly reduce waste volumes.

Constructed from durable and hygienic stainless steel, they handle cardboard, food, paper, cans, waste, packaging, glass and other rubbish.

Tony Team bag compactors are available in four sizes to match the needs of all luxury super yacht applications.

GALLEY UNDER COUNTER WASTE COMPACTORS

The Tony Team under counter waste compactor is particularly suitable for galley installation and where space is at a premium. Fully automatic with a compaction force of 1.3 tonnes.

UNDER COUNTER BOTTLE CRUSHER

This unique Tony Team under counter bottle crusher is ideally suited to be located in the utility/laundry room. It is designed to handle most types of glass and bottles.

UTILITY/LAUNDRY ROOM BALERS

Tony Team balers are simple and safe to use and represent excellent value for money.

They provide a cost-effective means of removing card, polythene and other recyclable material from the waste stream and help to keep waste areas clean and tidy. The TT45 creates bales up to 45kg making them ideal for a wide variety of marine applications.

EXPERTISE AND INNOVATION

Tony Team's enviable reputation has been built on excellence of product quality backed-up by the highest levels of customer service. For over 30 years we have been sharpening the leading edge of compactor and baling technology to bring you the most reliable and cost-effective waste management solutions.
